

# West Greeley Conservation District

## Reseeding Contract

The West Greeley Conservation District offers a program for re-seeding grass species in pastures, small acreages and other locations to aid in water retention and prevent soil erosion. Please contact the district office at 970 356-8097 ext 3 for more information or to schedule an appointment.

**SEED** The landowner will be responsible for seed costs. The West Greeley Conservation District will assist the landowner in selecting an appropriate seed mix based on soil analysis and/or recommendations from NRCS. Native species such as Blue Grama, Buffalo grass, Sideoats Grama, and Western Wheatgrass are recommended.

### **SEEDING PRICES**

- For Less than 5 Acres.  
\$75/hr from Greeley to drilling site and return + actual drilling time. \$75 minimum.
- For More than 5 Acres.  
\$16/Acre. Travel: \$1.00/mile in District, \$2.00/mile out of District.

### **EQUIPMENT**

Equipment to be used will be a 5-1/2' Truax No-Till Grass Drill, Truax seed slinger or other equipment appropriate for the type of grass seed, terrain, weather and soil conditions.

### **NOTES**

1. These are prices in effect at this time and may be subject to change based on fuel costs.
2. Requests for services will be handled on a first come-first served basis.
3. Any requests for seeding more than 30 A. will be accepted and priced on a case to case basis; "Out of District" requests will be accepted as time permits.
4. Program cost share will not exceed 100% of cost when used in combination of other programs or insurance payments.
