Qualifications and guidelines for the West Greeley Conservation District Urban Chemical Weed Management Cost Share

- West Greeley Conservation District will pay up to \$25.00 for post emergent chemical weed control per property owner per year.
- \$2,500 set aside each year, funds are distributed on a first come first serve basis. Funds are to be used to cover chemical weed control only, this DOESN'T include application costs.
- Receipts must be kept and turned in to collect a reimbursement on chemical to be used for weed management. Landowner will be reimbursed after all receipts are turned in
- You must be within West Greeley Conservation District and pay into WGCD
- West Greeley Conservation District is not responsible for negligence or intentional acts in the course of applying the chemical.
- WGCD is not responsible for any damage that happens from the use of chemical control. No representation is made by WGCD as to the existence or non-existence of chemical hazards or dangers
- WGCD encourages landowners to read the chemical label and follow the directions as written on the bottle.
- Property owner is responsible for purchasing their own chemicals
- **Must provide BEFORE and AFTER photos of area**
