

The Colorado Conservation Seedling Program

The Colorado State Forest Service tree program enables landowners to obtain trees at nominal cost. The program's aim is to encourage landowners to plant new forests; establish effective windbreaks to reduce erosion, protect homes, cropland, livestock and highways; and enhance wildlife habitat. Our trees and shrubs are grown for their conservation benefits. Ornamental qualities such as color, degree of flowering, fruit production and others are not guaranteed.

Contact your local nursery for ornamental needs.

Small Trays

- » 50 Seedlings
- » 21" x 11" x 6"
- » Ind. tube size 5" x 2"—190 ml

Styro Containers

Terms and Conditions of Sale

1. This nursery stock must be used for conservation purposes only.
2. Bareroot seedlings are available in multiples of 25 per species only.
3. Containerized seedlings are available in multiples of 30 or 50 per species only, depending on container type. Extra-large potted seedlings are available in multiples of 4.
4. **Payment must accompany order.** No cancellations or refunds.
5. There are no guarantees for survival.
6. If trees ordered are not available, a refund may be issued, unless a substitution is requested.
